

# THE MOVIE PROPOSAL

Dearly beloved, we are gathered here today to talk about the movies!

Join us as we talk about:

Something Old (a movie 20+ years old),

Something New (a new release),

Something Borrowed (an article related to the something new) and

Something Blew (something that blew our minds, or it blew chunks).

Skye and I grew up in the 80s which was a great time for the movies, so we have lots of to say about the films and TV shows of today. We can talk about the movies all on our own but we need YOU to help podcast. By becoming a Patreon supporter you are helping us continue to create thoughtful, quirky, sometimes controversial but always fun podcasts about the movies. We hope you laugh, get inspired, and sometimes even want to yell at us for our crazy/misguided opinions.

I, Josh, will be posting more movie and TV recommendations just for our Patreon supporters, so if you ever need a suggestion for family movie night or date night or you're in the mood for 80s action or just want to see what's new and worth watching then log into Patreon and check out my recommendations.

We can't do this without you. We greatly appreciate you!

Josh
